

# Suppliers' responsibilities

---

Suppliers of equipment have responsibilities under the WCA Part 3 Div. 3 Section 120. This requires that they provide a machine that meets the Act and Regulations (including the CSA Z432 standard under Regulation 12.3)

or give users the information to comply with the applicable regulation. Otherwise, OEMs can be held partially accountable for claim costs arising from an accident on a machine where this did not happen.

**Users:**  
Your documentation will support pursuing OEM for modifications

**OEMs:**  
Protect your liability by providing the required information to clients
